## Professional Summary:

Enthusiastically pursuing mastery in Machine Learning, I am currently enrolled in an integrated BSc + MSc program at the Central University of Rajasthan, Ajmer. Proficient in C, Python, Git/Github, Linux, and DBMS, I combine technical prowess with strong problem-solving abilities and effective communication skills. Experienced in web development projects like the Lost and Found Webapp and the Mass Mail Dispatcher, I am committed to continuous learning and advancement in this transformative field. Fluent in Hindi and English, I am poised to contribute effectively to the dynamic realm of Machine Learning.
